

Environmental Management System Environmental Policy

Document No:	Doc-EMS-006
Rev. No.	2
Rev Date	29-Apr-22
Page 01 of	01

Mett Pty Ltd and Hilton Tooling, Australia are committed to effective implementation and monitoring of Environmental Management System throughout our business activities:

- Design and manufacture of toolings and fixtures at Hilton Tooling
- Manufacture of High pressure die castings, machining and assembly at Mett Pty Ltd.

To minimize environmental impacts concerning our activities, products and services shall:

- Develop, implement and maintain an Environmental Management System to meet ISO14001: 2015 requirements and comply with all relevant environmental legislation, regulations, company policies and other internal and external requirements relevant to our operations.
- Monitor the performance of Environmental management systems through regular audits and performance review by management.
- Communicate our Environmental policy to all our employees and all interested parties, it shall be made available to the public through selected media.
- Prevent pollution, reduce waste and minimise the consumption of resources.
- Include the consideration of continual improvements on environmental impacts in all business strategies and activities.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner.
